

Support LD 814: The Older Mainers Act to Invest in a Maine Where We Can All Age Well

CREATE A MAINE WHERE

All of us have access to ongoing support for essential benefits and services as we age

We can safely age in our own homes and communities if we wish

Every caregiver is supported

The Older Mainers Act will pay for itself if Agency on Aging services can keep just 103 older Mainers out of Medicaid-funded nursing homes for one year.

52%

of single older Mainers lack money to pay for their basic needs

87%

of Mainers over 45 who say that it is important to be able to stay in their own home as they get older

Let's invest in a future where we are all supported and can stay engaged and connected as we age.

By building out Agency on Aging services and programs and focusing on prevention and early intervention, the Older Mainers Act is an investment in the health and resiliency of our communities for generations to come.
